

HVAC/MECHANICAL CONTRACTORS

As an Associate Member of the Minnesota Building Performance Association (MBPA), I (we) agree to:

1. Support the mission of MBPA.
2. Promote energy efficiency as a desirable and cost effective option for my (our) customers.
3. Actively promote and encourage the installation of Energy Star[®] rated heating, cooling, ventilation (HVAC) and water heating equipment.
4. Properly size and install HVAC and water heating equipment.
5. Perform routine testing of carbon monoxide on domestic water and space heating systems.
6. Have the equipment to perform a “worst case” draft test on atmospheric draft equipment, understand the testing process, perform the test and explain the results to the homeowner.
7. Check for depressurization of basement caused by return duct leakage.
8. Educate owners on the importance on maintenance of HVAC equipment.
9. Encourage homeowners to install carbon monoxide testers.
10. Promote the use of rebates and tax credits for energy improvements.
11. Support and promote all employees, interns, mentors or representatives of my company or organization to abide by the guidelines of this agreement.
12. Encourage the use of other MBPA Members and Associate Members.

This agreement is voluntary and can be terminated by either party at any time for any reason with no penalty. Failure to comply with any of the terms of this agreement can result in termination of Associate Membership to MBPA based on a vote by Members of the MBPA.

Signed, Associate Member MBPA
